

**Please see the below update from the Court:**

Virtual proceedings are scheduled and only essential personnel will be reporting on Monday. Most are working remotely. We have set up

Emergent mailboxes for each county in order to accept communications and emergent filings. Please see below.

As we will have limited access to fax machines, faxes will not be accepted to chamber unless directed by a Judge. Please send communications either through eCourts, the county specific emergent mailboxes, or by mail.
