Re: NJ State Bar Association's Report and Recommendations to the NJ Cannabis  
Regulatory Commission

Dear Chairperson Houenou:

On behalf of the NJ State Bar Association, I am pleased to present to you its Report and Recommendations To the New Jersey Cannabis Regulatory Commission. You may recall from our meeting in May that our members were gathering these comments in preparation for the CRC's promulgation of rules and regulations pursuant to the NJ Cannabis Regulatory, Enforcement Assistance, and Marketplace Modernization Act (CREAMMA).

As promised, the association remains committed to working with the CRC to provide insight as to the practical impact of these rules and regulations. Given the varied practice areas that are impacted by these rules, it is our sincere hope to provide the CRC with the most expansive comments to help further the intent of CREAMMA and alleviate any confusion or uncertainty in its implementation.

We appreciate your consideration of these comments and remain available to respond to any questions or follow up the CRC may have to this Report or any other issues that may arise. I hope that you will continue to consider the NJSBA as a resource and an ally as the CRC settles into its new role in New Jersey. I thank you again for your time and look forward to a productive relationship.

Very truly yours,

Domenick Carmagnola, Esq.  
President
